

2020/2021 School Year

Dear Parent/Guardian,

This is a quickly evolving time for learning and teaching on the unceded traditional territory of the Haida Nation as we work to equip our students with the skills necessary to thrive in an increasingly digital world. We recognize the significance of access to appropriate digital technologies and are embracing the use of Google's G Suite for Education, Microsoft's Office 365 and Apple's iCloud tools for students in kindergarten through grade 12.

These three online tools are designed specifically for K-12 students and are a powerful suite of school district managed online collaboration and productivity tools. These offer a secure, private and ad-free environment with significantly more control and protection than a personal cloud account. These three online tools are currently used in thousands of schools and by tens of millions of students around the world.

As a public institution, we are subject to the BC Freedom of Information and Protection of Privacy Act (FIPPA). In accordance with this Act, we recognize the importance of protecting the privacy of students in our care. As such, we have put a number of safeguards in place to help minimize risks. Student G Suite accounts in elementary and high schools have additional restrictions such as limiting sharing to only within the school district domain. If required, we can audit a student's activity from its corresponding cloud platform. Detailed information on our cloud applications for education offerings, can be accessed at:

While this is not an educational requirement, we hope that you will see the value in these tools for your child. If you choose to grant permission, please sign the consent form and return it to your child's classroom teacher, who will then provide further instructions to your child on how to access the cloud tools. If you choose not to grant permission, indicate that you do not consent, and return the form to your child's teacher. Your child's teacher will provide an alternate learning resource. Permissions are in effect until September 30, 2021.

If you have questions about the intended use of School District 50 cloud tools in your child's classroom, please speak with your child's teacher, school principal or me.

Sincerely,

Steve Goffic
IT Manager
