February 22, 2021

Dear Parents

Please note the following information regarding Covid-19 and our district schools:

Critical Information:

While closely working with our Regional Public Health School team, our District Health and Safety plan has multiple layers of protection to prevent the spread of COVID-19 within all schools and buildings.

At the date of writing this letter, our district currently has *no* student/staff Covid **Active Cases** or **Exposures**.

The purpose for this trend:

1. Students, Parents and Staff are following their daily health checks.
2. Staff and students are staying home if they are sick or self-isolating.
3. Following the District Health and safety guidelines.

More Resources can be found on our district website:

- [Daily Health Check](#)

Haaw'a

Carey Stewart
