

## PRESS RELEASE

Sept. 16, 2022

---

The School District No. 50 Board of Education is pleased to announce that they have approved a draft Strategic Plan at their Sept. 13<sup>th</sup> 2022 public meeting. Through extensive discussion and consultation, the Board has identified three key priorities for the School District in the coming years: *Student Well Being, Working Together and Embracing Unique Culture & Territory.*

The Board and senior leadership staff will spend the next several months consulting on the plan and gathering feedback from district stakeholders. Feedback on the plan will be analyzed, and a final plan will be published in February / March of 2023.

Dana Moraes, SD50 Board Chair, commented, "As our current Board's tenure concludes, myself and other trustees are pleased to see our many hours of conversations with stakeholders summarized in our draft plan. Our final Strategic Plan, with an associated operational plan, will guide the work of the new Board of Education for the coming four years! I encourage our students, staff, parents and community members to provide us with their feedback on this uniquely Haida Gwaii School District plan.'

The plan can be viewed and downloaded at <https://sd50.bc.ca/strategic-plan/>, with the last page containing a clickable link for providing feedback.
