

### Computer Purchase Program Details

School District No.50 has a volume purchasing agreement with Apple at a discounted price. This agreement allows the School District to extend the option to School District No.50 staff to purchase these devices at the same volume price that the District receives.

Over the years, many staff have inquired about the possibility of purchasing the same personal learning devices that our schools utilize. As such, we have created the opportunity for interested staff to purchase these same devices under a computer purchase program. Staff must be in a continuing position to qualify for this program. At this time, only Mac, Macbooks and iPads are available in this program.
