1. ACKNOWLEDGEMENT OF HAIDA TERRITORY

Chair Moraes respectfully acknowledged that the meeting was held on the unceded and traditional territory of the Haida Nation.

2. CALL TO ORDER

Chair Moraes called the meeting to order at 1807 hours.

3. PUBLIC QUESTION PERIOD

The Haida Gwaii Board of Education of School District No. 50 invited members of the public to address agenda items during the Public Question Period.

No questions were brought forward.

4. REVIEW OF AGENDA

The June 18, 2024 Regular Board Meeting Agenda was reviewed and approved by Trustees with the following additions: 8.1 - Superintendents Update, and 8.2 - After School Sports & Arts Initiative.

5. APPROVAL OF MINUTES OF THE PRIOR MEETING AND RECEIPT OF RECORDS OF CLOSED MEETINGS

5.1 May 14, 2024 Regular Board Meeting Minutes

R24061801

MOTION BY: Vice-Chair Denooij
SECONDED BY: Trustee Currie

THAT the Haida Gwaii Board of Education of School District No. 50 approve the June 18, 2024 Regular Board Meeting minutes as presented.

MOTION CARRIED

5.2 June 18, 2024 In-Camera Rise and Report

R24061802

MOTION BY: Trustee Currie
SECONDED BY: Trustee Post

THAT the Haida Gwaii Board of Education of School District No. 50 reported that property, personnel, and pupil matters were discussed at the June 18, 2024 In-Camera Meeting.

MOTION CARRIED

6. DELEGATIONS/PRESENTATIONS

6.1 PreVenture Presentation

Principal of Early Learning and Childcare, Leighann Rodger presented information on the PreVenture program for youth aged 8-12. PreVenture uses personality-focused interventions to promote mental health and reduce the risk of substance use. It is designed to help students learn useful coping skills, set long term goals, and channel their personality traits towards achieving them, so that they can thrive in all areas of their lives.

6.2 Daaxiigan Skadáa Née Update

Principal Keir and Vice Principal Westbrook spoke on the new school opening in September. I was noted the strategic plan was very helpful in bringing the schools together. Focus is to build new school culture with emphasis on food processing, sports, outdoor activity studies, and increasing student pride. The opening ceremony will be September 4, 2024. Thank you to students that participated in the McCreary study and provided valuable feedback.

7. CHAIR REPORT

Chair Moraes provided a verbal update on her district activities. Shared her congratulations to the 2024 Graduates. Work being done on board policy renovations. Chair Moraes will be attending the Indigenous Education Council's annual retreat in Vancouver August 18, 2024. Items being brought forward to the BCSTA will be the district name change and the costs associated.

8. SUPERINTENDENT REPORT

8.1 Superintendent's Update

Interim Superintendent Madhok presented the June 2024 Superintendent's Report as attached. Congratulations to the graduating classes of 2024. Special acknowledgement was brought to Student Trustees, Lief Morton, Riley Duke, and Arilyn May for their work representing district students this year. Thank you to Gwaii Trust for their continued support, also to K'aayxada Adventure Camp for their dedication. Many district congratulations regarding new positions.

8.2 After School Sports & Arts Initiative (ASSAI)

Interim Superintendent Madhok reported on After School Sports and Arts Initiative thanking organizers for their involvement with our students and staff.

R24061803

MOTION BY: Vice-Chair Denooij
SECONDED BY: Trustee Currie

THAT the Haida Gwaii Board of Education of School District No. 50 support ASSAI funding to be prioritized to youth in the communities of Port Clements ('Wáan Kún), Masset and Old Massett (Gaw Tlagée). Additionally in support of a review of the ASSAI funding using community Equity criteria during the school district's renewal of contract with Haida Gwaii Recreation, approximately every three years.

MOTION CARRIED

8.3 Strategic Objectives 2024-25

Interim Superintendent Madhok stated the Trustees have reviewed the Strategic Priorities in Action 2024-25 package via email.

R24061804

MOTION BY: Trustee Post

SECONDED BY: Trustee Currie

THAT the Haida Gwaii Board of Education of School District No. 50 approve the Strategic Objectives as presented for feedback.

MOTION CARRIED

8.4 Student Representative Update

Student Representatives Duke, May, and Morton provided information on graduation events that took place on island. Several sports achievements were noted. Classes are wrapped up for secondary schools. Students are looking forward to Indigenous Day celebrations. A thank you to the Board for the experience while being representatives.

9. INDIGENOUS EDUCATION

9.1 Respecting Salmon

Interim Superintendent presented the first of three resources that the Haida Language & Cultural Curriculum Implementation Team created. "Tsíin - Chiina" Salmon is illustrated by Dejah Busch. Five species of salmon are represented on the poster.

10. STRATEGIC AND POLICY ISSUES

10.1 Calls to Action of the Truth and Reconciliation Commission

Riley Duke read Bill 41 Article 35.

10.2 BCSTA Update

No Update

10.3 BCPSEA Update

No Update

10.4 Section 3: Students, Instruction & School Operations

The Policy Renovation Committee has completed the work on Section 3: Students, Instruction & School Operations and brings the attached policies forward for review:

3.1 Graduation

3.2 Allergic Reaction – Anaphylaxis

3.3 Physical Restraint and Seclusion of Students

Note: 3.4 Use of Personal Digital Devices was brought forward to the Board at the May 14, 2024 and will be covered under agenda item 10.5.

Two policies have been updated, D. 7 Sexual Orientation and D. 1 Student Code of

Conduct and are recommended for inclusion within the new Section 2 due to their broad applicability. Several policies are recommended for repeal and content to be established as an administrative procedure. Other existing policies that offer little guidance are recommended for repeal outright.

R24061805

MOTION BY: Trustee Currie

SECONDED BY: Trustee Denooij

THAT the Haida Gwaii Board of Education of School District No. 50 circulate the Draft Policy Section 3: Students instruction & School Operations and Draft Policies 2.3 District Code of Conduct and 2.3.2 Sexual Orientation, Gender Identity and Gender Expression as presented for public feedback.

MOTION CARRIED

R24061806

MOTION BY: Trustee Currie

SECONDED BY: Vice-Chair Denooij

THAT the Haida Gwaii Board of Education of School District No. 50 repeal and establish as administrative procedures policies: C.4, D.1.1, D.4, D.4.1, D.4.2, H.1, H.1.1, H.2, H.3, H.5, H.5.1, H.5.2, H.10.1, H.11 and H.11.1

MOTION CARRIED

R24061807

MOTION BY: Vice-Chair Denooij

SECONDED BY: Trustee Currie

THAT the Haida Gwaii Board of Education of School District No. 50 repeal policies: C.1, C.2, C.3, C.5, C.6, D.6, D.6.1, D.8, D.10, D.10.1, D.11, D.13.

MOTION CARRIED

10.5 Policy D1 Restrictions on Student Use of Personal Digital Devices

R24061808

MOTION BY: Vice-Chair Denooij

SECONDED BY: Trustee Currie

THAT the Haida Gwaii Board of Education School District No. 50 approve the suggested Restrictions on Student Use of Personal Digital Data policy as presented.

MOTION CARRIED

10.6 Daaxiigan Skadáa Née School Plan
Covered under Agenda Item 6.2

11. OPERATIONS

11.1 2024-2025 Preliminary Budget Second and Final Reading

Recommendation from the Secretary-Treasurer that the Board accept the budget as presented and present a motion for second and third reading and adoption to take place on June 18, 2024 Board meeting.

R24061809

MOTION BY: Vice-Chair Denooij

SECONDED BY: Trustee Currie

THAT the Annual Budget Bylaw for the fiscal year 2024/25 for the Haida Gwaii Board of Education School District No.50 for the total budget amount of \$18,861,546 be given second reading.

MOTION CARRIED

R24061810

MOTION BY: Trustee Currie

School District No. 50 (Haida Gwaii)

MANAGEMENT REPORT

DRAFT

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 50 (Haida Gwaii) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 50 (Haida Gwaii) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a quarterly basis and externally audited financial statements yearly.

The external auditors, Vohorra LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 50 (Haida Gwaii) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

On behalf of School District No. 50 (Haida Gwaii)

NOTE 1 AUTHORITY AND PURPOSE

The School District, established on April 1, 1946 operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 50 (Haida Gwaii)", and operates as "School District No. 50 (Haida Gwaii)." A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care. School District No. 50 (Haida Gwaii) is exempt from federal and provincial corporate income taxes.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(d) and 2(l).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in notes 2(d) and 2(l), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense.

As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

a) Basis of Accounting (cont'd)

The impact of this difference on the financial statements of the School District is as follows:

Year-ended June 30, 2023 – increase in annual surplus by \$6,212,926

June 30, 2023 – increase in accumulated surplus and decrease in deferred contributions by \$33,372,482

Year-ended June 30, 2024 – increase in annual surplus by \$7,833,223

June 30, 2024 – increase in accumulated surplus and decrease in deferred contributions by \$41,205,705

b) Cash and Cash Equivalents

Cash and cash equivalents include bank accounts and central deposit funds that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2(l).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2(a) for the impact of this policy on these financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

e) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements. The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2022 and projected to March 31, 2025. The next valuation will be performed at March 31, 2025 for use at June 30, 2025. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School district and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

f) Asset Retirement Obligations

A liability is recognized when, as at the financial reporting date:

- (a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) the past transaction or event giving rise to the liability has occurred;
- (c) it is expected that future economic benefits will be given up; and
- (d) a reasonable estimate of the amount can be made.

The liability for the removal of asbestos and other hazardous material in several of the buildings owned by the School District has been initially recognized using the modified retroactive method. The liability has been measured at current cost as the timing and amounts of future cash flows cannot be estimated. The resulting costs have been capitalized into the carrying amount of tangible capital assets and are being amortized on the same basis as the related tangible capital asset (see note 2 h)). Assumptions used in the calculations are reviewed annually.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

g) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District:
 - is directly responsible; or
 - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

h) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

h) Tangible Capital Assets (cont'd)

- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

i) Operating Leases

Operating lease payments are accounted for as operating leases and the related payments are charged to expenses as incurred.

j) Prepaid Expenses

Prepaid expenses are association membership renewals, software license fees, hardware and contract costs and are stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

k) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Note 10 – Interfund Transfers and Note 16 – Internally Restricted Surplus).

l) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

l) Revenue Recognition (cont'd)

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2(a) for the impact of this policy on these financial statements.

Revenue from transactions with performance obligations is recognized when (or as) the performance obligation is satisfied (by providing the promised goods or services to a payor).

Revenue from transactions with no performance obligations is recognized when the district:

- (a) has the authority to claim or retain an inflow of economic resources; and
- (b) identifies a past transaction or event that gives rise to an asset.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

m) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Categories of Salaries

- Principals, Vice-Principals, and District Principals employed under an administrative officer contract are categorized as Principals and Vice-Principals.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

m) Expenditures (cont'd)

- Superintendent, Deputy Superintendent, Secretary-Treasurer, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and Indigenous education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

n) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, bank overdraft, accounts payable and accrued liabilities, long term debt and other liabilities.

All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition and amortized using the effective interest rate method. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations. There are no measurement gains or losses during the periods presented; therefore, no statement of remeasurement gains or losses is included in these financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

n) Financial Instruments (cont'd)

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

o) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in note 2 a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

NOTE 3 ACCOUNTS RECEIVABLE – OTHER

	2024	2023
Payroll & Benefits Recoverable	\$	\$ 2,424
HGTA/BCTF	14,107	30,425

	<u>\$ 1,860,302</u>	<u>\$ 1,234,535</u>

NOTE 5 DEFERRED REVENUE

Deferred revenue includes unspent grants and contributions received that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board, i.e., the stipulations associated with those grants and contributions have not yet been fulfilled. Detailed information about the changes in deferred revenue is included in Schedule 3A.

NOTE 6 DEFERRED CAPITAL REVENUE

Deferred capital revenue includes grants and contributions received that are restricted by the contributor for the acquisition of tangible capital assets that meet the description of a restricted contribution in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. Once spent, the contributions are amortized into revenue over the life of the asset acquired. Detailed information about the changes in deferred capital revenue is included in Schedules 4C and 4D.

NOTE 7 EMPLOYEE FUTURE BENEFITS

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

- Buildings – work in progress having a value of \$1,019,168 (2023: \$7,855,133) have not been amortized. Amortization of these assets will commence when the asset is put into service.

NOTE 9 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusted pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the plans, including investment of assets and administration of benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2023, the Teachers' Pension Plan has about 51,000 active members and approximately 42,000 retired members. As of December 31, 2023, the Municipal Pension Plan has about 256,000 active members, including approximately 31,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry- age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2020, indicated a \$1,584 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The school district paid \$896,265 for employer contributions to the plans for the year ended June 30, 2024 (2023: \$802,806).

The valuation for the Teachers' Pension Plan was as at December 31, 2023, with results coming in 2024. The next valuation for the Municipal Pension Plan will be as at December 31, 2024, with results available in 2025.

NOTE 9 EMPLOYEE PENSION PLANS *(Continued)*

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

NOTE 10 INTERFUND TRANSFERS

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2024, were as follows:

- *Transferred from operating funds to local capital \$489,152*
- *Transferred from operating funds to capital \$40,773*

NOTE 11 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

NOTE 12 CONTRACTUAL OBLIGATIONS

The School District has entered into a number of multiple-year contracts for the delivery of services and the construction of tangible capital assets. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Disclosure relates to the unperformed portion of the contracts.

During the 1998 fiscal year, the board entered into a 49 year lease for the new Skidegate Elementary School expiring February 28, 2047. The annual lease payments are \$4,800 adjusted annually by the changes in the Consumer Price Index.

Contractual obligations	2025	2026	2027	2028	2029	Thereafter
Land to Federal Government	\$ 8,183	\$ 8,183	\$ 8,183	\$ 8,183	\$ 8,183	\$ 8,183
Custodial	49,110	5,010				
Operating Leases	33,973	18,750	18,750	18,750	18,750	18,750
Total	\$91,266	\$31,943	\$26,933	\$26,933	\$26,933	\$26,933

NOTE 13 BUDGET FIGURES

Budget figures included in the financial statements were approved by the Board through the adoption of an amended annual budget on February 20, 2024.

NOTE 14 ASSET RETIREMENT OBLIGATION

Legal liabilities exist for the removal and disposal of asbestos and other environmentally hazardous materials within some district owned buildings that will undergo major renovations or demolition in the future. A reasonable estimate of the fair value of the obligation has been recognized using the modified retroactive approach as at July 1, 2022. The obligation was measured at current cost as the timing of future cash flows cannot be reasonably determined. These costs have been capitalized as part of the assets' carrying value and are amortized over the assets' estimated useful lives.

Asset Retirement Obligation, July 1, 2023	\$ 733,956
Settlements during the year	
Asset Retirement Obligation, closing balance	<u>\$ 733,956</u>

NOTE 15 EXPENSE BY OBJECT

	2024	2023

Internally Restricted (appropriated) by Board for:	
<i>School Budgets, Farm to School</i>	\$ 63,374
<i>Targeted Funds Surplus</i>	119,753
<i>CF-Youth Wellness Worker</i>	81,360
<i>Early Career Mentorship</i>	3,115
<i>Seamless Day</i>	18,365
Subtotal Internally Restricted	<u>\$285,967</u>
Unrestricted Operating Surplus - Contingency	<u>1,376,098</u>
Total Available for Future Operations	<u>\$ 1,662,065</u>

NOTE 17 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and Child Care and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

NOTE 18 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a debtor. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions.

b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held, and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk.

c) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

NOTE 18 RISK MANAGEMENT *(Continued)*

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District’s reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposure from 2023 related to credit, market or liquidity risks.

NOTE 19 EARLY LEAVERS FUND

In 2017, as part of the negotiations for the Local Education Agreement with local indigenous bands the Board has agreed to report the amount of the “Early Leavers Fund” by Band. For the 2023-2024 fiscal year the amounts by band are indicated below:

		2024	2023
Band # 669	Old Massett	\$ 10,041	\$ Nil
Band # 670	Skidegate	22,951	
Total		\$ 32,992	\$ Nil

School District No. 50 (Haida Gwaii)

Indigenous Education Council Policy

Last updated on August 16, 2024

Date came into force or revised

August 16, 2024

Status

Current

Policy statement

Each board of education is required to establish and maintain an Indigenous education council (IEC) to support the board to provide comprehensive and equitable education and support services for Indigenous (First Nations, Metis, and Inuit) students and improve Indigenous student outcomes. This includes advising on the appropriate integration of Indigenous worldviews and perspectives, advising on grants in relation to Indigenous students, and ensuring respect for local First Nations in whose territories boards operate school by, for example, giving priority to local cultural content, protocols, and language.

Rationale or purpose of policy

There are persisting disparities in educational outcomes between Indigenous students, in particular First Nation students living on-reserve, and other student populations, and a need for reconciliation in education. Systemic changes are needed to better support Indigenous students. IECs formalize a structure and process to specifically support boards on matters affecting Indigenous students attending BC public schools.

The Province of British Columbia passed the Declaration on the Rights of Indigenous Peoples Act (Declaration Act) into law in November 2019 to, among other things, affirm the application of the United Nations Declaration on the Rights of Indigenous Peoples (UN Declaration) to the laws of British Columbia. The Declaration Act Action Plan, established under section 4 of the Declaration Act, includes collectively identified goals and outcomes for implementing, and meeting the objectives of, the UN Declaration in B.C., and includes a specific commitment related to IECs at action 4.3.

Authority

School Act sections 87.001 – 87.005, 93, 95, 166.4 (2.1), and 166.43 (IECs)

School Act section 106.4 (targeted grants)

[Ministerial Order 217/2024](#) - Indigenous Education Council Order (IEC Order)

[Ministerial Order 302/20](#) - Enhancing Student Learning Reporting Order

Definitions

In this policy:

“First Nation” means a First Nation as defined in section 1(1) of the *School Act*;

“local First Nation” means a First Nation, a Treaty First Nation or the Nisga’a Nation in whose traditional territory the board operates.

“Modern Treaty Nations” means a Treaty First Nation or the Nisga’a Nation.

“Indigenous Peoples” has the same meaning as in the *Declaration on The Rights of Indigenous Peoples Act*, and references to Indigenous students refers to students who self-identify as being of Indigenous ancestry, including First Nations, Métis, and Inuit.

“non-local First Nation” means a First Nation, a Treaty First Nation, or the Nisga’a Nation whose traditional territory is distinct from where the board operates.

Policy in full

Establishment & Composition of IEC

Each board of education must establish and maintain an IEC.

A board must invite each local First Nations to designate two persons to be members of the IEC, and the board must appoint those persons designated.

A board must also invite each non-local First Nation with students enrolled in an educational program within the district—and for whom Canada provides funding for the student's education—to designate one person to be a member of the IEC, and the board must appoint those persons designated. This may include students who are boarded (i.e. living away from their community) or students who travel from a neighboring community. A First Nation invited to designate a person to be on the IEC may choose not to designate anyone to participate on the IEC.

Using their student data, a board must consider the distinctions and diversity of the Indigenous student population served by the board and must seek the advice of local First Nations on establishing an IEC that reasonably reflects that Indigenous student population. The board must then invite additional persons to the IEC that bring perspectives relevant to the Indigenous student population. Such persons may be individuals who bring perspectives of local First Nation students, First Nation students from other parts of British Columbia or outside of BC, Métis students, or Inuit students. It is not required or intended that the IEC be a precise representation of the composition of the Indigenous student population in the school district. The board must endeavor to achieve an IEC where the total number of representatives of local First Nations are not outnumbered by the additional representatives.

Sometimes it might not be feasible to ensure that the total number of representatives of local First Nations is greater than additional representatives who are not representatives of local First Nations. For example, local First Nations may choose not to participate in the IEC, or the local First Nation may have limited capacity, especially where multiple boards invite them to their IECs.

Boards must, working with the IEC, review membership at least once per year, as well as when there is a new vacancy. If, upon review, the composition of an IEC does not align with subsections 2(1) to 2(3) of IEC Order, the board must issue invitations to designate members, or appoint additional members, in accordance with that order.

Once established, an IEC may create its own rules related to inviting non-voting guests to attend IEC meetings, consistent with the *School Act* and the IEC Order.

School board trustees and employees are not eligible to be voting members of an IEC, pursuant to section 87.004 (2) of the *School Act*.

Role and Expectations of the Board

An IEC is not a committee of the board; rather, it is a stand-alone body. This means a board cannot direct the IEC but has certain obligations in respect of the IEC.

A board must establish the IEC, in accordance with the IEC Order. A board should establish procedures for appointing the members of the IEC, which must be consistent with the IEC Order and any rules made by the IEC pursuant to section 87.005(a) of the *School Act*. A board may need to appoint members of the IEC, other than the initial IEC, where the IEC

does not establish the process to appoint members. A board will keep a register of IEC members.

A board is expected to support the IEC in coordinating and fulfilling administrative tasks associated with the IEC. Support includes covering reasonable costs of holding meetings and IEC member travel to attend meetings when they are held in-person. This also includes providing a standing item on board agendas for IEC advice or decisions.

A board is expected to provide a secretariat or main point of contact for the IEC to assist in IEC membership tracking, meeting and agenda setting, providing information to the IEC, and liaising between the board and IEC.

Participation on Multiple IECs

Where there is more than one board operating in the traditional territory of a First Nation, the First Nation will be invited by each board to designate representatives to be appointed to an IEC. This will also happen where a non-local First Nation has students for whom Canada provides funding in more than one district. It is up to First Nations to decide whether to accept an invitation to designate representatives to one or more IECs, and who to designate as representatives.

Distinctions-Based Approach

The Province has adopted a distinctions-based approach to its relations with Indigenous Peoples and advancing reconciliation, as not all rights are uniform or the same among or between all Indigenous Peoples.

The Declaration Act Action Plan and the Draft Principles that Guide the Province of British Columbia's Relationship with Indigenous Peoples affirm the Province's commitment to a distinctions-based approach in its relations with Indigenous Peoples, which informs the framework for and implementation of IECs.

IECs are intended to reflect and support the distinct and diverse Indigenous student population in their school district, while respecting local First Nations in whose territories the board and the IEC operate.

To understand and align with a distinctions-based approach, it is important to become familiar with the [Distinctions-Based Approach Primer](#) (December 2023)

Purpose and Operation of IEC

The *School Act* requires each board to establish and maintain an IEC.

The purposes of the IEC are set out at s. 87.001(1) of the *School Act*, and are as follows:

a) advising the board on any matter relating to:

- providing comprehensive and equitable educational programs and services to Indigenous students;
- improving Indigenous student achievement; and
- integrating into learning environments Indigenous world views and perspectives, in particular, those of the First Nation, the Modern Treaty Nations, or the Nisga'a Nation in whose territory the board operates.

b) advising on grants provided under the *School Act* in relation to Indigenous students;

c) approving plans, spending and reporting of targeted grants related to Indigenous students;

d) advising the board in relation to the distinct languages, cultures, customs, traditions, practices or history of the First Nations, the Treaty First Nations or the Nisga'a Nation in

whose traditional territory the board operates, through advice from the Indigenous education council members representing those First Nations, Treaty First Nations or the Nisga'a Nation.

The Ministry recommends that IEC decision-making be based on a consensus model, subject to the *School Act* and the IEC Order. An IEC should develop specifics related to their decision-making process, for example, how consensus will be reached and decision-making processes in cases where consensus is not reached.

[Template IEC Terms of Reference \(PDF\)](#) are attached to this policy. An IEC may develop additional terms of reference governing the conduct of its business to complement what is specified in the IEC Order, and consistent with the School Act.

The IEC may establish the process to appoint members of the IEC and determine the term of membership. It is recommended that an IEC member term is a minimum of 2 years in length. An IEC member may be appointed for more than one term.

Rules for the Conduct of Business of an IEC

An IEC must conduct its work consistent with the rules set out in [section 3 of the IEC Order](#).

An IEC advises and makes recommendations to the board on supporting the Indigenous student population. The IEC members bring forward perspectives relevant to the distinctions and diversity among that student population, while being respectful of the perspectives of local First Nations.

An IEC conducts its work in the local First Nations territory and must support strong and effective relationships between boards and local First Nations, and respect local protocols, laws, customs, and traditions.

Specific Areas of Consultation

In some cases, the entire IEC will be involved in providing advice or recommendations to the board, or in making decisions, and in others it will be only the local First Nation members of the IEC.

Consultation with Local First Nation Members of the IEC

A board must seek the advice of local First Nations on any matter relating to the distinct languages, cultures, customs, traditions, practices, or history of the local First Nations, and must consult with those First Nations on how those matters may be integrated into learning environments or staff training offered by the board.

Integration of local First Nation world views and perspectives into learning environments must be prioritized, and a board must consult with local First Nations on how to integrate this knowledge into learning environments.

In many areas of British Columbia, a board may be working with multiple local First Nations with different worldviews and cultural practices.

Consultation with the Entire IEC

The IEC will have a particular focus on the world views and perspectives of local First Nations. At the same time, a purpose of the IEC is to provide advice to the board on the integration of Indigenous world views and perspectives into learning environments, that are not necessarily of local First Nations. This purpose provides space for the IEC to advise the board on Indigenous world views and perspectives relevant to the Indigenous student population.

A board must consult the IEC on procedures to recruit and hire staff that develop and deliver programs and services for Indigenous students, or whose roles involve significant interaction with Indigenous students. Consultation may include reviewing proposed job descriptions, advising on posting or sharing current job opportunities to reach potential candidates, and IEC participation in hiring processes.

A board must consult the IEC on any activities or resources related to the National Day for Truth and Reconciliation and National Indigenous Peoples Day. Any activities or celebrations for these days must be done with the advice of the IEC, and advice must be sought from local First Nation IEC members on protocols for these days.

A board must consult the IEC on training for school district staff relating to cultural competencies, including cultural competency training or workshops focused on the 9th Professional Standard for Educators in British Columbia. Boards must also consult the IEC on non-instructional time focused on enhancing Indigenous student achievement or integrating Indigenous world views and perspectives into learning environments, for example the Indigenous Focused Non-Instructional Day.

If a board or school district staff are unsure of how to apply the terms and conditions of collective agreements alongside the requirements of the *School Act* and the IEC Order, they should contact the BC Public School Employers' Association for guidance.

A board must consult the IEC on reporting for the Framework for Enhancing Student Learning, required under the Enhancing Student Learning Report Order, and focusing on Indigenous students. This should be done well ahead of any Ministry required reporting timelines.

A board must also consult with the IEC on any board policies that have a significant impact on Indigenous students.

Secretariat and Administrative Support

Boards will maintain secretariat and administrative support for the IEC, including covering reasonable costs of holding meetings and IEC member travel to attend meetings when they are held in-person.

Approval of Targeted Funding

Pursuant to s. 87.002 of the *School Act*, a board requires the IEC's approval of the board's plans, spending, and reporting of any targeted grant provided under s. 106.4 that is related to Indigenous students. The IEC will follow its decision-making process in approving such plans and reporting.

Targeted grants provided under s. 106.4 related to Indigenous students currently include IEC Capacity Funding and Indigenous Education Targeted Funding (IETF).

IEC Capacity Funding

IEC capacity funding for the 2024/25 school year has been provided as a targeted grant to cover costs associated with establishing and maintaining IECs, including secretariat support, activities, and costs related to IECs carrying out their purposes. For clarity, IECs must be involved in the planning, spending, and reporting of IEC Capacity Funding.

Indigenous Education Targeted Funding (IETF)

The IETF is provided to boards as a targeted grant to support students who self-identify as being of Indigenous ancestry to participate in Indigenous education programs and services. Boards are directed to spend the IETF on the provision of enhanced education programs

and services for Indigenous students, that are in addition to other programs and services for which the student is eligible. The amount is in addition to the basic per-pupil allocation. A board may choose to allocate more core funding to provide supplemental supports for Indigenous programs and services and this should be done in collaboration with the IEC. IEC approval of IETF planning, spending, and reporting is intended to provide members of the IEC with the opportunity to be involved in decisions relating to the funding of programs and supports provided for Indigenous students.

A board must seek the input and advice, and obtain the approval, of the IEC on the board's IETF plans, spending, and any reporting. For clarity, the board may only implement the IETF plan with IEC approval. The minimum amount of IETF spending is set by the Ministry. How an IEC provides input, advice, and approval of the IETF and capacity funding will vary. A board and school district staff must work with their IEC to determine an appropriate process for IEC involvement in the planning, spending, and reporting for targeted funding. Where a board has prior year(s) unspent IETF, the planning, spending, and reporting of those surplus funds also need to be approved by the IEC and in accordance with Ministry direction.

Indemnification of IEC Members

A board may, by bylaw, provide indemnification for members of the IEC, in the same way that trustees, officers, or an employee of the board may be indemnified as outlined in section 95 of the *School Act*.

Board of Education Chairperson
School District no. 50 Haida Gwaii
PO Box 69, Queen Charlotte City, BC V0T 1S0

Taanishi Dana,

Subject: BC's Bill 40 - The School Amendment Act and the new Provincial Ministerial Order on IECs

I am writing you today regarding the Province's Bill 40 - The School Amendment Act, the new Ministerial Order on Indigenous Education Councils (IEC) and their implications for Métis families and students.

As you are aware, Bill 40 mandates the establishment of Indigenous Education Councils (IECs) across all school districts in our province. These councils are intended to influence and engage in decision-making processes that impact Indigenous students' educational experiences in the BC K-12 public system.

The Ministerial Order stipulates that, in establishing an IEC, a school board must consider the distinctions and diversity among the Indigenous student population served by the board, ensuring that the composition of the IEC reasonably reflects the Indigenous student population. Several districts across British Columbia have Indigenous student populations that include Métis students, including SD50 Haida Gwaii.

While SD50 has not indicated whether Métis student enrolment is tracked, our Citizenship Registry confirms that there are **2 MNBC citizens of school age**, with **2 children enrolled in the Métis Family Connections program**, establishing a Métis student population.

If you are not already connected to the Métis Chartered Community, the Prince Rupert & District Métis Association, we would like to take this opportunity to connect you to them. Please reach out to their board at princerupertcc@mnbc.ca, to identify a representative who will bring Métis perspectives to the IEC.

In the spirit of friendship and reconciliation, MNBC is committed to walking respectfully alongside Haida Nation and SD50 Haida Gwaii Board of Education for the benefit of all students. MNBC looks forward to connecting on this important matter to determine how we can grow our partnership and best support our children at these newly established IECs.

Should you have any questions or concerns, please do not hesitate to reach out to Sharlene Wedel, Executive Director, Ministry of Education (Early learning | K-12), at swedel@mnbc.ca

Pishshapmishko (Take Care),

District Context

The Haida Gwaii School District respectfully acknowledges that we serve island communities located on the traditional and unceded lands of the Haida people, who have lived on Haida Gwaii's lands and waters since time immemorial. Haida Gwaii is an archipelago situated 130 kilometres off the northwest coast of British Columbia. It is renowned for its ancient and remote rainforests, breathtaking coastlines, rich biodiversity, and the vibrant culture and heritage of the Haida people.

Our staff, students, and families benefit from Haida Gwaii's distinctiveness, including its history and cultural traditions. Our work as a school district is guided by the Haida Laws, which are proudly contained within our [2022-2026 Strategic Plan](#).

Our five schools, distributed across the island communities of Haida Gwaii, serve just over 490 students, with nearly 70% identifying as Indigenous, including Inuit and Métis, with the majority being of Haida descent. Over the past two decades, our district has experienced a steady decline in student enrollment, which once exceeded 1,000 students at the start of the 21st century. This decline aligns with the overall population decrease in Haida Gwaii communities, primarily due to the contraction of the resource sector. However, in the last two years, we've seen a slight increase in enrollment, including some recent immigrants to Canada.

Approximately 50% of Haida Gwaii's population, approximately 2,500 individuals, identify as Haida. Roughly 1,500 Haida reside in the villages of [HlGaagilda](#) (Skidegate) and [Gaw Tlagée](#) (Old Massett).

We are proud to serve the families and communities of Haida Gwaii in the context of the historic [Gaayhllxid/Giuhlagalgang 'Rising Tide' Haida Title Lands Agreement](#) with British Columbia. This agreement affirms the Haida Nation's rightful authority over the land of Haida Gwaii. It includes a plan for governing the territory, beginning with a two-year transitional period focused on land resource decision-making, beginning in areas such as protected lands, fishing lodges, and forestry.

Like many other rural and remote school districts, we face challenges in recruiting and retaining staff. While recent initiatives by the Ministry of Education and Child Care have helped improve teacher recruitment, we continue to struggle to fill various support staff roles.

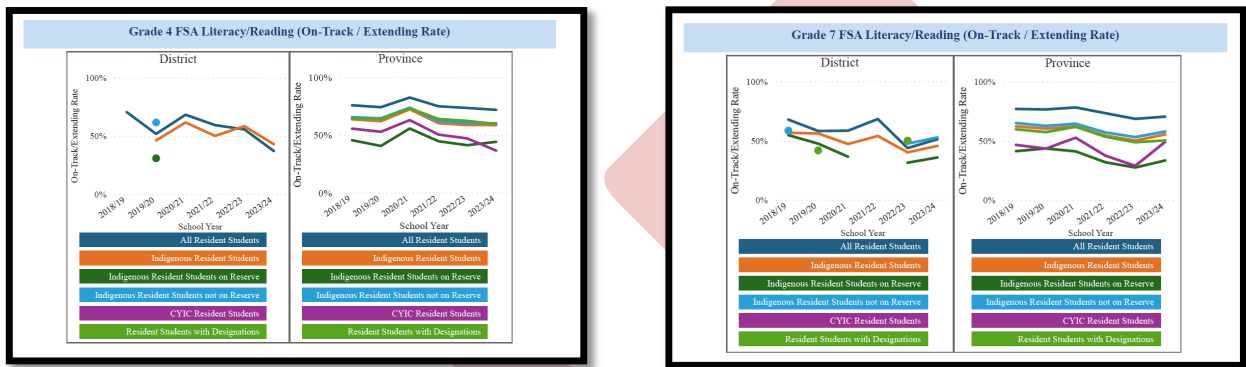

Section A: Reflecting on Student Learning Outcomes

INTELLECTUAL DEVELOPMENT

Educational Outcome 1: Literacy

Measure 1.1: Grade 4 & Grade 7 Literacy Expectations

The following FSA literacy data shows the number of students who are ‘on track’¹ and or ‘extending’² which is captured in the following graphics:

Over the last two years, Haida Gwaii School District has experienced an increase in grade 4 and 7 FSA participation rates, averaging above provincial averages in most FSA skill areas. The increase in participation lends a greater validity to the fact that our trend line for grade 4 literacy is concerning, with a decline from 22/23 to 23/24, with only 37% of our participating grade 4 students demonstrating proficiency (on track or extending) in literacy. Our gap with provincial data has grown from 17% in 2022/23 to 35% in 2023/24.

Grade 7 2023/24 data has slightly improved as our gap with provincial results has decreased from 25% to 20%. Although the gap has declined somewhat, it is concerning that just 51% of our grade 7 students demonstrate proficiency in literacy.

Although sub-group data is masked in this public-facing data set, given the size of the Haida Gwaii School District, district and school staff review unmasked data to determine sub-group trends. The data trend for Indigenous resident

¹ Means your child mostly understands the expected concepts
² Means your child is able to apply their learning in new and different ways

students mirrors our all-resident student data, and the trend of Indigenous students living on-reserve being our lowest-performing sub-group continues.

Measure 1.2: Grade 10 & 12 Literacy Assessments

The Grade 10 and 12 Literacy Assessments are provincial assessments that measure student proficiency in literacy. Both assessments are graduation requirements. The assessments are described by the Ministry of Education and Child Care as follows:

"The Grade 10 Literacy Assessment assesses student ability to use critical thinking and analysis to make meaning from diverse texts. It also assesses the ability of students to communicate their ideas.

The Grade 12 Literacy Assessment assesses students' ability to use critical and reflective thinking and analysis to make meaning from a diverse array of texts. It also assesses the ability of students to communicate their ideas, or those found in the texts."

Both assessments are "not based on a particular course or subject matter, but rather on learning across multiple subjects, from kindergarten to Grade 10/12."

Given the student population of the Haida Gwaii School District, the four years of the Grade 10 Literacy Assessment and the two years of the Grade 12 Assessment would be challenging to interpret as a trend rather than being specifically cohort-dependent. However, if we compare district vs provincial average data, we would conclude that our grade 10 students performed about 15% below the provincial average, with our grade 12 students being 7% below the provincial average.

Measure 1.3: Grade 2 Fountas & Pinnell District Reading Assessment

The School District has recently started to utilize the Fountas and Pinnell Reading Assessment as a district tool to support literacy. In the 2023-24 school year, a fall and spring data collection of F&P results was gathered for all grade 2 students within the district as shown below.

In addition to the data above, which shows that 43% of AL grade 2 students are either proficient or extending in reading by the Spring of grade 2, we found relatively minor gaps for Indigenous students, including those living on reserve. The data also showed significant growth for all students from the 'emerging' to 'developing' scale from Fall to Spring.

For the 2024 - 25 school year, there are three distinct literacy-focused strategic objectives specific to the Board's strategic goals of Student Well Being and Embracing Unique Culture and Territory:

i) Focus on Literacy

- Continued opportunities for schools and teachers to work with a Literacy Helping coach.
- Share the opportunity to continue with Surrey School District Literacy book study in 2024-25.
- Sharing, reviewing and editing the DRAFT Haida Gwaii School District Literacy Framework document with interested teachers (Fall 2024).
- Partnership with POPEY (Provincial Outreach Program for Early Years) and SD50 interested primary teachers to strengthen and support instructional strategies focused on writing.
- Support K-1 teachers with the purchase of decodable materials and PM-levelled readers for classrooms.
- Continued support for the use of UFLI (University of Florida Literacy Initiative) resources for primary teachers.

ii) District Literacy Assessments

- Continued Fountas & Pinnell Assessment support for teachers, including assistance with analysis and literacy intervention support.
- Expand district collection of literacy data from grade 2 in 2023-24 to grades 2-4 in 2024-25. Teachers in multi-grade classrooms will be asked to include all students. Collection will occur in the Fall and Spring of the school year.
- Increasing capacity for a Haida Gwaii educator to gain expertise in literacy coaching.

iii) Localizing our Practice

- Increase staff fluency and understanding related to the Sk'ad'a Principles through professional learning with Dr. Sara Davidson and Dr. Nikki Yee in 2024-25

Educational Outcome 2: Numeracy / Grade to Grade Transitions

Measure 2.1: Grade 4 & Grade 7 Numeracy Expectations

Grade 4 and 7 numeracy results, as per the FSA, are concerning as our gap with average provincial results continues to widen.

Although most Haida Gwaii schools have goals related to numeracy, we continue to contemplate and pursue district-wide strategies to support numeracy, some of which are described below from our 2024-25 strategic objectives: A strategic object under the goal of 'Student Wellness' is to continue a district **Focus On Numeracy** with the following key objectives:

- Continued opportunity for teachers to participate in 'Thinking Classrooms' with a numeracy helping teacher
- Pilot a district-wide numeracy assessment with interested teachers at various grade levels. Gather feedback from this assessment pilot to inform a district numeracy assessment plan for the 2025-26 school year.
- Establish a professional learning group to work through Tluuwaay 'Waadluxan – Mathematical Adventures resource, edited by Dr. Cynthia Nichol of UBC and our District Principal of Indigenous Education, Joanne Yovanovich.

Measure 2.2: Grade 10 Numeracy Assessments

The Grade 10 Numeracy Assessment focuses on applying mathematical concepts learned across multiple subjects from kindergarten to Grade 10. It requires students to solve problems by using five numeracy processes (different ways of thinking and working): interpret, apply, solve, analyze, and communicate.

SD50 performance on the grade 10 numeracy assessment has remained consistent while the provincial average has incrementally increased. Our informal examination of the early 2023-24 Numeracy 10 results at one of our high schools is very promising over 2022-23 results and we look forward to confirming this in our 24-25 FESL report.

Measure 2.3: Grade to Grade Transitions

The Grade-to-Grade transition rate measures student progress toward graduation. It is expressed as a percentage of students in grades 10 and 11 who proceed to grades 11 and 12 in the subsequent school year.

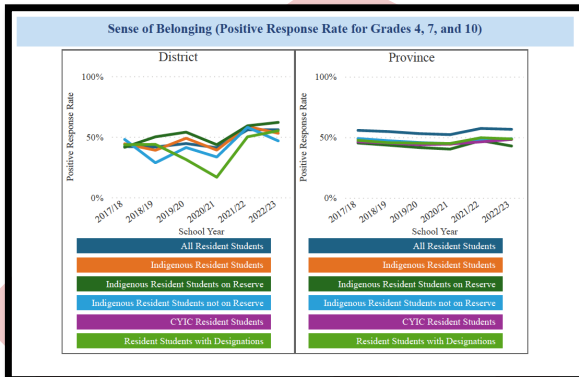

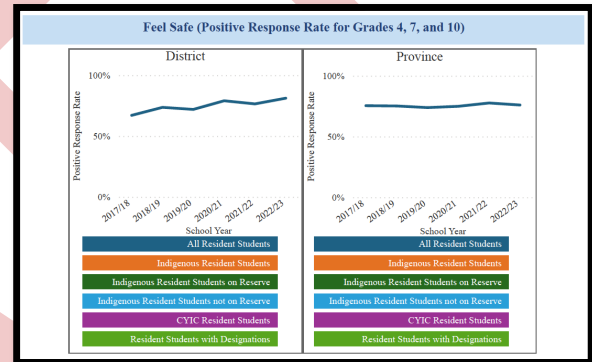

Both the masked and unmasked data show that students are transitioning toward graduation at a high rate. Our data for all sub-groups shows a pattern of transitioning between grades occurring at high levels, which is encouraging.

HUMAN AND SOCIAL DEVELOPMENT

Educational Outcome 3: Feel Welcome, Safe and Connected

The annual Student Learning Survey is an extensive survey of students' perceptions about school and learning. The survey includes several questions about school factors underpinning students' ability to learn and succeed. Factors such as *feeling safe, a sense of belonging, feeling welcomed and knowing that there are adults who care about them* are critical factors tracked year to year as per the data sets below. This data is collected in response to the following questions on the survey:

- Do you feel safe at school?
- Is school a place where you feel like you belong?
- Do you feel welcome at school?
- At your school, how many adults do you feel care about you? (For example, teachers, counsellors, teacher helpers)

Overall, this data for all subgroups continues to trend upward towards parity or surpassing provincial data. In addition, our principals and vice principals observed that this set of data correlates and aligns with local data from the most recent Adolescent Health Survey. We are pleased that this data aligns with results from the 2023 McCreary Adolescent Health Survey.

Over the last year, Haida Gwaii School District began a partnership with Kelty Mental Health staff to review and implement priorities related to school district mental health objectives. This work is expected to support our schools in the areas measured above. We have established the following three priorities that we will work on over the coming school year.

- Clarify District Direction for Mental Health
- Support Student Wellness
- Support Staff Wellness

CAREER DEVELOPMENT

Educational Outcome 4: Graduation

Measure 4.1: Completion Rates

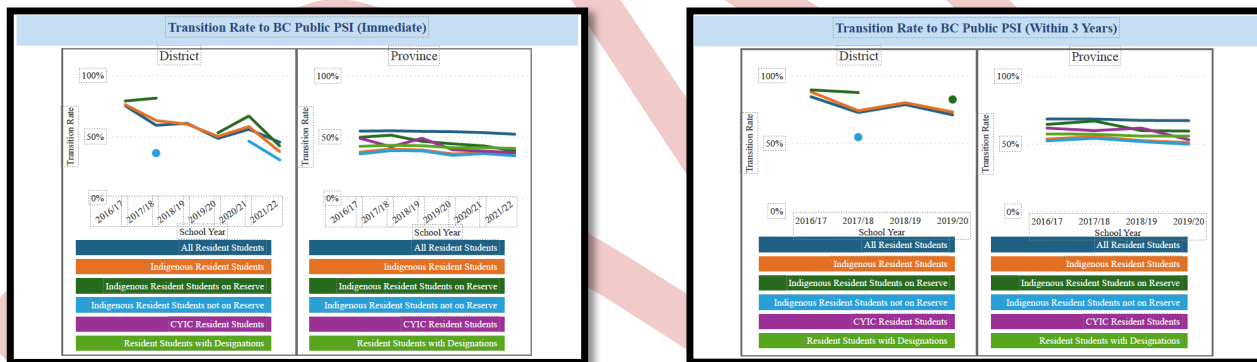

Below is the five-year completion rate for both the Dogwood certificate as well as the Adult Dogwood. The five-year completion rate is frequently referenced as a measure of system performance.

Our data for all subgroups shows us trending towards parity or surpassing provincial average graduation results. Over the last 6 years, we have seen a steady increase in 5-year completion rates in Haida Gwaii School District.

Educational Outcome 5: Life and Career Core Competencies

Measure 5.1: Post-Secondary Transitions

The Ministry of Education and Child Care utilizes Personal Education Numbers (PENs) to track and provide school districts with data on post-secondary transitions, which assists us in reflecting on and supporting students with this important transition.

Supporting our students in exploring post-secondary options is a key focus in both Haida Gwaii high schools. Students are provided the opportunity to explore various career options, with nearly all of our graduates having participated in opportunities to visit a variety of BC post-secondary institutions, thanks in part to the generous support of Gwaii Trust.

Although our 'immediate' PSI transition rate is trending downward, it has continued to be above or at par with provincial data PSI transition trends. Similarly, our post-secondary transition data within three years of graduation is above provincial data trends but shows a recent downward trend.

Section B: Moving Forward - *Continuous Improvement*

Our work as a school district is guided by the [2022 - 2026 Strategic Plan](#), which was finalized and published in the Spring of 2023. Our Board of Education worked hard to ensure that our unique Haida Gwaii was respected and recognized by including the Haida Laws within the school district's strategic direction. The broad goals identified in our strategic plan are:

- Working Together
- Student Well Being
- Embracing Unique Culture and Territory

The plan is supported by an annual [Strategic Operational Plan](#) to ensure a continued focus on strategic priorities. In addition, we have focused on adding coherence and alignment with the Board's priorities through our school's annual plans to support student success.

The [2024-25 Operational Plan](#) focuses on strategic objectives related to student learning, district facilities, and Board governance. This document is part of our commitment to a continuous improvement cycle, with updates and reflective reviews guiding future actions.

Our trustees, the public, and Haida Education Council representatives are regularly updated on the various operational objectives through regular Superintendent updates. During the May 2023 Board of Education meeting, a [year-end update was provided on the 2023-24 Strategic Operational Plan](#).

We have worked to align our [financial resources](#) to our strategic priorities through consultation with the public and staff.

We are working towards adding other district data sets to help inform our knowledge of student performance beyond the existing provincial assessments. In the 2023-24 school year, we will collect district-wide literacy data on all our grade 2 students using the Fountas and Pinnell literacy assessment and will be expanding that collection to grades 3 and 4 in the coming school year.

We have started the preliminary work of thinking about and collaborating on supports for numeracy instruction and assessment.

Due to the small number of students enrolled in our district, determining trends in our sub-groups data (ie. students with diverse abilities and children or youth in care) can be challenging given that a single student's performance can significantly impact the data. However, we are improving our internal procedures to check on the progress of these students regularly. We have established an internal tracking system for children and youth in care and will use that to monitor attendance, engagement, and achievement. District staff are involved in the review of IEP goals and supports specific to students with diverse abilities. Our provincial literacy and numeracy assessment data for grades 4, 7 and 10 seem to be consistently below the provincial average, which continues to be a strategic focus for us. However, our 5-year graduation data and our student transition to post-secondary data have been consistently above provincial averages.

PROMISING PRACTICES AND AREAS OF CONTINUED FOCUS

Focus on Literacy / District Reading Assessment

This is Haida Gwaii School District's first Enhancing Student Learning Report, to which we have been able to add district student achievement data. The process of supporting teachers in completing these assessments was well received and resulted in several conversations with teachers about how to interpret and use the data to support instruction and student support.

Expanding these assessments into grades 3 and 4 will give us a greater glimpse into our primary reading achievement and allow us to reflect on district approaches to supporting early reading.

We have committed to supporting our primary teachers with levelled reading materials in each of our primary classrooms to support reading instruction.

Numeracy

A key priority for us this school year is to find and pilot a numeracy assessment. Our results indicate that we need to focus on instructional interventions related to numeracy. Given conversations and strategies implemented at our high schools, we look forward to seeing the 2023-24 Grade 10 Numeracy Assessment results.

Localizing our Practice

During 2023 – 24, our school leaders were fortunate to be involved in a professional learning journey with Dr. Sara Davidson on the Sk'ad'a Principles, as described in her book *Potlatch as Pedagogy*. As a continuation of that work, Dr. Sara Davidson and Dr. Nikki Yee visited Haida Gwaii in late August to kick off a professional learning opportunity for all Haida Gwaii educators on the Sk'ad'a Principles. We see this as a promising practice in our continued focus on decolonizing our practices.

Student Engagement and Representation

We were fortunate to work with Dr. Annie Smith and staff from the McCreary Centre on a project that allowed Haida Gwaii youth to research specific Adolescent Health Outcomes specific to Haida Gwaii. This unique opportunity produced an outstanding youth-generated report with recommendations that have influenced school plans and our annual strategic objectives.

Many of the youth involved were and will be involved as student voice leaders interacting directly with our Board of Education.

Kelty Mental Health Coaching

We have benefitted from working directly with staff from Kelty Mental Health to review district direction in relation to mental health. Following a year of reviewing district programs and presenting to staff, we have narrowed our focus for the coming year on programs and initiatives to support student and staff mental health while creating a Mental Health framework for the school district. A variety of strategic objectives towards these goals are outlined in the [2024-25 Operational Plan](#).

**BOARD OF EDUCATION
SCHOOL DISTRICT NO. 50 HAIDA GWAI**

<u>MEETING AGENDA ITEM # 12.1</u>			
Action:		Information:	X
Meeting:	Regular	Meeting Date:	September 17, 2024
Topic:	Finance Statement Discussion & Analysis		
Background/Discussion:			
Discussion & Analysis of Audited Finance Statements as presented.			
Recommended Action:			
Information			
Presented by: Acting Secretary-Treasurer			

**BOARD OF EDUCATION
SCHOOL DISTRICT NO. 50 HAIDA GWAI**

<u>MEETING AGENDA ITEM # 12.2</u>			
Action:	X	Information:	
Meeting:	Regular	Meeting Date:	September 17, 2024
Topic:	June, July and August 2024 Financial Vouchers		
Background/Discussion:			
June, July and August 2024 Financial Vouchers and Trustee Expenditures.			
Recommended Action:			
THAT the Board of Education of School District No. 50 (Haida Gwaii) receive and file the June, July and August 2024 Finance Vouchers and Trustee Expenditures as presented.			
Presented by: Acting Secretary-Treasurer			

FINANCE VOUCHER

REGULAR BOARD MEETING

BOARD MEETING:

Haida Gwaii Schools IT Summer Update

School Enhancement Program (SEP)

Haida Gwaii Summer has clouds and a little rain...

multi factor authentication

- ✓ MFA Students
- ✓ SNES PA - Intercom
- ✓ All Schools' Phones

Amalgamation
What is next?

Voiceover IP

In preparation for Telus's turn down of their copper line system later this year, Haida Gwaii School District has moved the entirety of its telephone base over to voiceover IP.

Sk'aadgaa Naay Elementary received a new PA/ Intercom system this summer. HGSD IT staff, alongside Coho Communications out of Victoria BC, successfully completed the installation of the new PA/Intercom system.

Fun Math

180 Phones
8 wires Per Line
 $180 \times 8 = 1440$ - 2 sides
 $1440 \times 2 = 2880$ 🤔🤔🤔

We have the rollout of iPadOS 18 coming this fall. This release brings many great features for education, particularly Math Notes. We are also rolling out a pilot project at Gidgalang Kuuyas Naay and Daaxiigan Sk'aadaa Née where we will be using on machine AI inspectors. The package inspectors will be scanning for unusual behaviour to better protect the network and our staff and students from online threats. We will also be spending some time this fall going over security settings through all of our systems.

Haida Gwaii Schools' IT Staff replaced the entire network and security cameras infrastructure in Daaxiigan Sk'aadaa Née. The Elementary wing of the school will also be moving to new iPads with 32" monitors for teaching staff. Office staff will also be returning to new computers. The two Haida rooms received 72" touchscreen TVs and the Indigenous resource workers will be working from new iPads with 27" monitors.
